

Just Cooking Cookery School re-opens its doors with Stanley and Waterford appliances

Just Cooking Cookery School in Firies, Kilarney has recently re-opened its doors after refurbishment of its purpose-built space, complete with a Stanley Brandon cast iron cooker and a range of built-in and freestanding Waterford Appliances. Founded by Mark and Bernie Doe, Just Cooking was born out of a passion for good food and with a wealth of culinary experience between the couple, they share their experience and practical knowledge during the classes that are limited to eight people and take place in the comfortable Just Cooking kitchen. Mark said: 'Our Waterford Stanley Brandon is invaluable at Just Cooking. It enables us to roast, slow cook and bake to perfection. The cast iron oven seals in all the juices and tenderness of our locally sourced meats, while the bottom oven takes care of tasty stews, soups and

meringues. It also acts as a stunning centrepiece for our school, creating warmth and a real homely feel.' **Just Cooking Cookery School, Kilarney 066 9793660. www.justcooking.ie Waterford Stanley, ROI 051 302300. NI 00353 51302300. www.waterfordstanley.com**
