# Timeless style meets convenience

The Stanley Supreme is a revolution in range cookers, marrying the timeless style of our cast-iron cookers with the convenience and control of electric and gas cooking. In addition to twin independent fan ovens, a high-speed ceramic grill and our signature slow oven, you can now choose between a professional-standard gas hob or the clean lines of our fast-heat ceramic hob. It's the easiest Stanley Range we've ever made – just plug it in: No mess, no fuss and no flue required. There's no simpler way to bring the taste of tradition to your kitchen.

*Visit your local Stanley Centre now for amazing offers on Supreme Range Cookers*
